

PLAN A SAFE ESCAPE

FACT - Having a home escape plan in conjunction with a working smoke alarm will greatly increase your chances of getting out safely. **Every second counts.**

BE PREPARED BY MAKING A PLAN OF ESCAPE

Draw a floor plan of your home, including two ways of escape from each room. Plan an escape route and ensure everyone knows how to get out.

Blocked exits are a hazard. Keep exits clear.

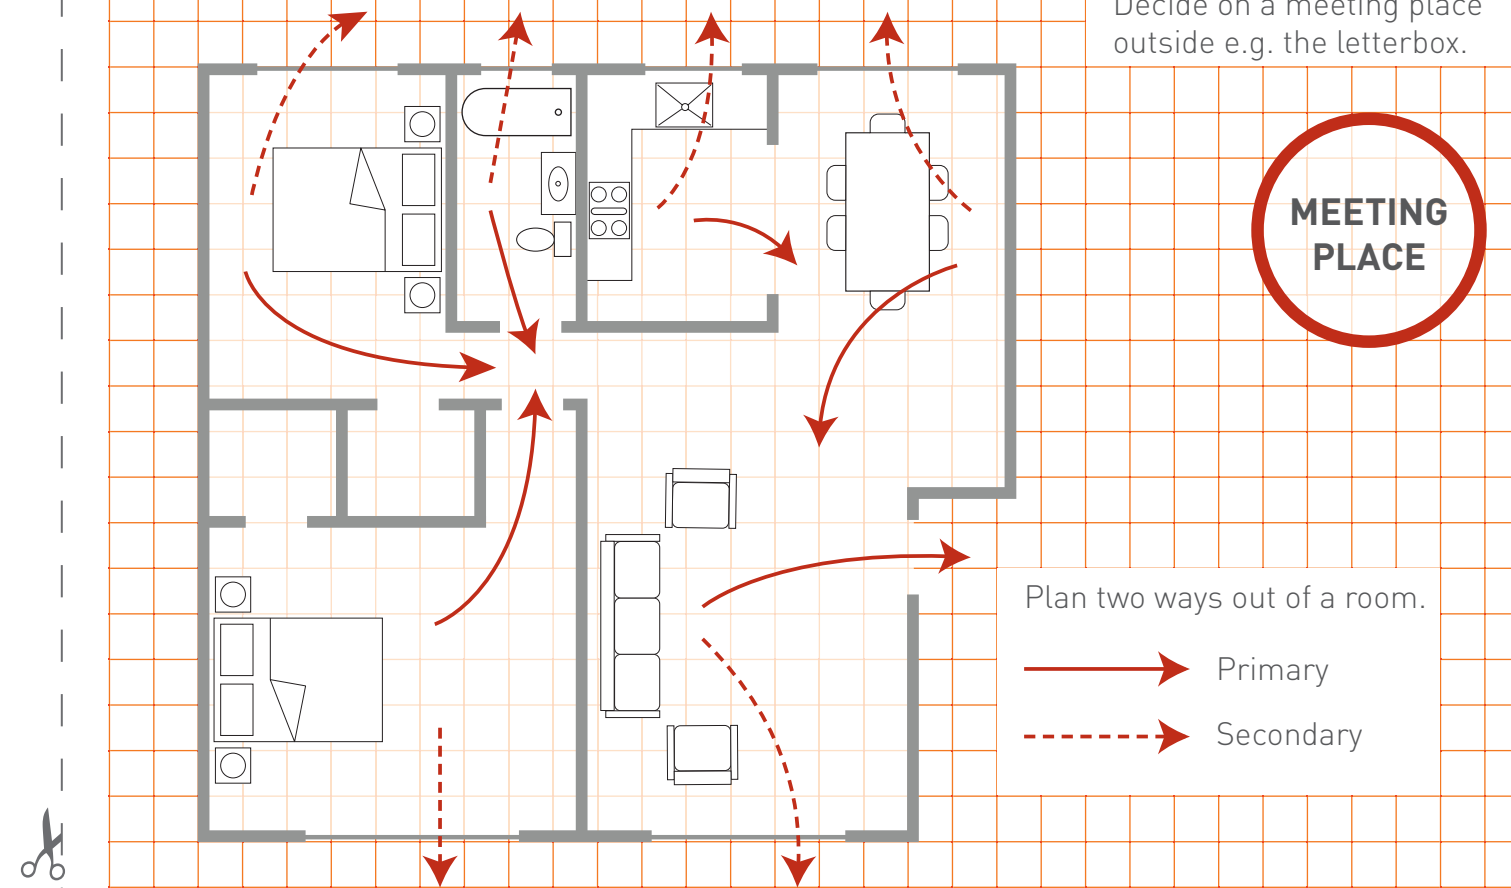

Keep door and window keys in or next to locks so they can be opened easily.

Decide on a meeting place outside e.g. the letterbox. Provide alternatives and someone to assist for anyone with a disability.
